If not you, then who?

## HAPPY WORLD OCEAN DAY!

### JACQUES COUSTEAU OCEAN INVENTOR (1910-1997)

Born in France, James Cousteau first wanted to be a naval pilot, but an accident forced him to change his plans and pursue his love of the ocean. Cousteau was an **explorer**, a **scientist**, a **photographer**, an **author**, a **conservationist**, and an **inventor**. His most famous inventions were for underwater diving. He invented the first underwater propulsion system, the first 35mm underwater camera, and the diving saucer.
