

# Holiday Decoration Activity

Name: \_\_\_\_\_

## INSTRUCTIONS:

1. Use crayons, colored pencils, or paints to decorate each holiday item below. Have fun and be creative!
2. Cut each one of them out.
3. To make your decorations extra sturdy, use the shapes you just cut out as stencils and trace them onto a paper plate or piece of cardboard. Cut these shapes out as well.
4. Glue your decorated holiday items onto the cardboard cut-outs.
5. Finish decorating them with any ribbons, pom poms, buttons, stickers, or glitter.
6. Take four ribbons (no smaller than 6 inches each), make a loop, and tape them to the back of your finished decorations. Now hang them up and display your beautiful creations!
